The Reichshof has its own water source that originates on Lüneburger Heide. In its time, the Reichshof was known for the best tea and coffee in the city. This precious tradition is now continued in the restaurant and event segment. We do not use water filled in bottles and thereby help to protect the environment. For every carafe of source water that we sell, we make a donation to the Hamburg Regenbogenstiftung foundation.

Der Reichshof besitzt eine eigene Wasserquelle, die ihren Ursprung in der Lüneburger Heide hat. Seinerzeit stand der Reichshof für den besten Kaffee und Tee der Stadt. Die wertvolle Tradition wird heute im Restaurant- und Eventbereich fortgesetzt. Wir verzichten auf in Flaschen abgefülltes Wasser, unterstützen somit die Umwelt und führen mit jeder verkauften Karaffe des Quellwassers eine Spende an die Hamburgische Regenbogenstiftung ab.
